# The AQUA PEARLS Foundation

Andreas Weissenbacher  
CEO BWT Holding GmbH

The AQUA PEARLS Foundation is a non-profit private foundation established by BWT and its CEO, Andreas Weissenbacher, in 2016. Today it is working with the support of dedicated partners worldwide.

**T**he overall aim of the foundation is to improve the living conditions of disadvantaged people and to advocate for a healthy planet.

In cooperation with carefully selected organisations and a strong shared commitment, the foundation works towards the following goals:

- Access to clean drinking water
- Reduction of poverty
- Promotion of education for sustainability
- Protection of the environment

On the following pages, we introduce you to some of the projects and organisations dedicated to making a positive change. Every donation, every act of support and every action help to change the world.

**Become a changemaker and support the foundation with your donation.**

Supporting the AQUA PEARLS Foundation means being an active partner in the pink commitment, making a positive contribution and bringing about meaningful change in the world. Join us in our mission to bring clean water, hope, and change to those who need it most. Together, we can make a lasting impact.

**Together we can change the world.**

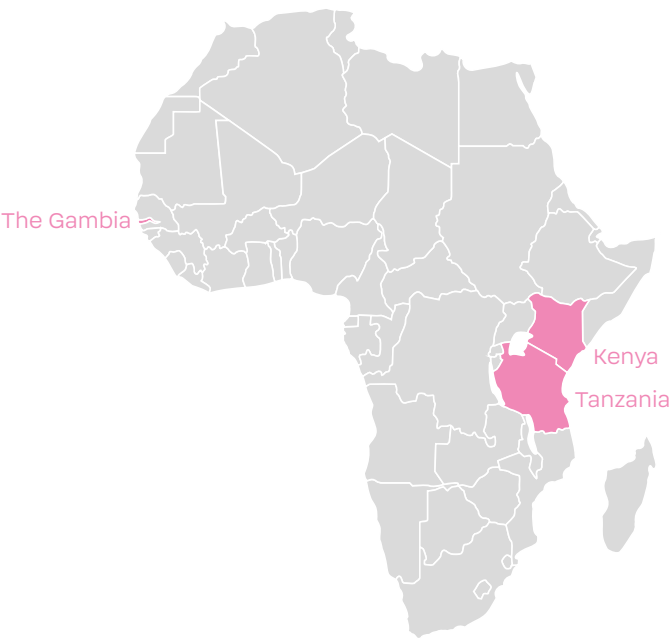

# Drinking water supply

At the heart of the foundation is the **b.waterMISSION** – a transformative project that improves the quality of life for people in Africa in the long term through the construction of drinking water wells. The current focus is on projects in Tanzania, The Gambia, and Kenya.

TANZANIA, THE GAMBIA, KENYA

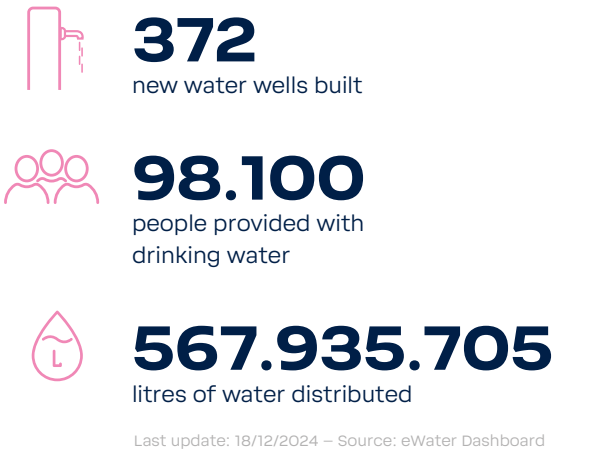

b.waterMISSION

The AQUA PEARLS Foundation is convinced that access to clean drinking water is a fundamental human right and that everyone should have it.

For this reason, the foundation collaborates with partners on innovative solutions to build sustainable water supply systems. By constructing drinking water wells, they enable local people to access affordable, clean water without the need to walk for hours. They also ensure the long-term use of the wells through ongoing monitoring, maintenance, and repair. Selected members of the village are trained in these skills and take responsibility for keeping their village wells operational. This project goes beyond providing access to clean water. By improving water quality, we are enhancing livelihoods, leading to significant improvements in health, education, and economic development in the region.

What we have achieved so far:

Please check here for real-time data and statistics.

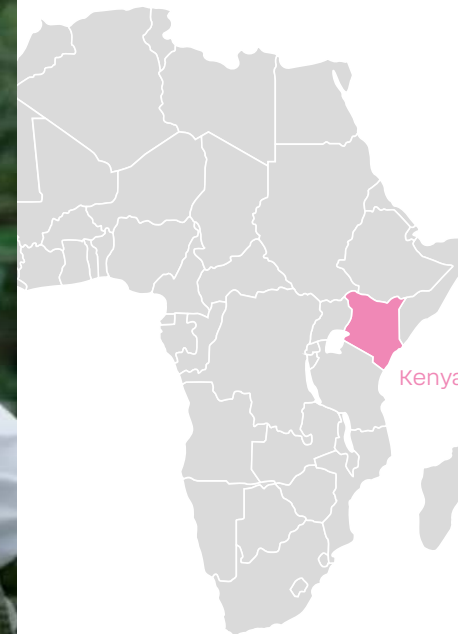

”  
**One in four people world-wide does NOT have access to clean drinking water.**

Report of the U.N., 2023

# Education for sustainability

📍 KENYA, LAIKIPIA

## Zeitz Foundation Co-op

In cooperation with the Zeitz Foundation, the AQUA PEARLS Foundation is committed to the reforestation of deforested areas in Kenya.

Reforestation preserves groundwater reserves, prevents further soil erosion, and is thus essential for preserving biodiversity. On behalf of the foundation, 300,000 acacia trees have been planted.

📍 INDONESIA, BALI

## Green School Bali

The Green School Bali is operated by an Indonesian non-profit foundation. The school's education focuses on sustainability through community-integrated and entrepreneurial learning. The holistic approach inspires and empowers students to drive change. Every decision is based on three principles: Act locally, be guided by your environment, and consider how your actions will affect your grandchildren.

## The Beach Co-op

Protecting, restoring, and regenerating the marine ecosystem is the core mission of the South African non-profit organisation, The Beach Co-op. To achieve this, The Beach Co-op works closely with other marine conservation organisations, local authorities, and the business community to implement concrete educational measures that raise awareness of the need to care for and protect the coasts and oceans.

South Africa

# Health care

📍 TANZANIA, MOROGORO

## Medical Board

The Medical Board oversees the healthcare of the population in the Diocese of Morogoro in Tanzania and is a sub-organisation of the Catholic Church of Morogoro.

The Medical Board's area of responsibility includes 37 pharmacies, 2 dispensaries, and 5 health centres.

Every year, approximately 30,000 patients are treated in these facilities.

# The future of children

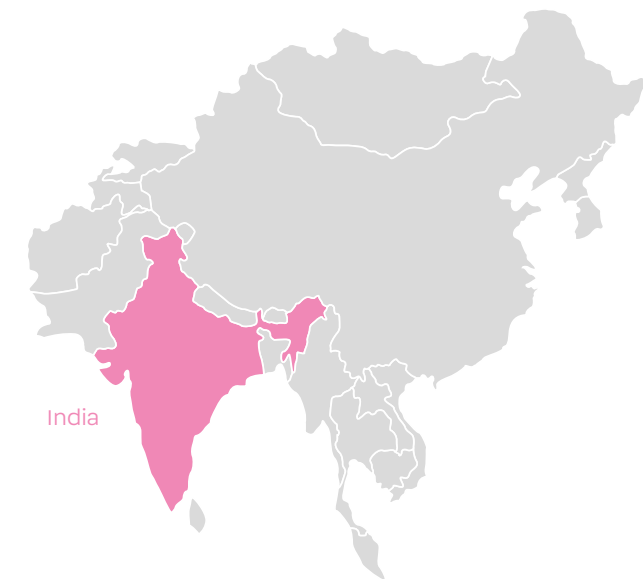

INDIA, DEHRADUN

## Aasraa Trust

The Aasraa Trust was established in 2009 to support the most disadvantaged and vulnerable children living on the streets and in the slums of Dehradun, a city in India.

It originally started with 35 children and now cares for around 4,000 street and slum children.

INDIA

## Jhamtse Gatsal Children's Community

The Jhamtse Gatsal Children's Community is a non-profit organisation in India. It currently cares for nearly 100 children, from infants to teenagers. Many of the children have lost one or both parents and have been neglected, abused, or exploited. They receive safety, free education, food, healthcare, and cultural identity.

## Society for Community Organisation

The Society for Community Organisation (SoCO) was founded in 1971 to promote a just social system in Hong Kong. Hundreds of thousands of people live in so-called „caged homes“ or wooden shacks. SoCO supports this underprivileged population by improving their housing situation, thereby creating a better quality of life.

The AQUA PEARLS Foundation also supports the „We Will Fly“ programme, which aims to alleviate poverty and give children a better future by providing financial support to organisations that assist children.

”  
give children a better future.
